

The BASSANO RECORDER

VOLUME SIX NUMBER 17

BASSANO, ALBERTA, Thursday May 31st, 1946.

ISSUED EVERY FIVE DAYS

FOR THE

Security with Freedom!

Your Vote on June 11th can bring lasting security to your work, your home, your family!

Security for your WORK

Here are some of the definite, practical steps taken by the Liberal Government to give security to home and family by assuring well-paid post-war jobs for everyone.

For Veterans—The most generous plan of any United Nation to get returned men started in the type of work each of them chooses. The Liberal Government is determined that every man and woman coming home to Canada shall return to the land of greatest opportunity in the world.

For Workers—About a third of all Canadians depend on exports for their livelihood. Liberal plans provide for increasing our exports 60% in value over those of 1939.

For Farmers—Acting on the belief that all Canadians prosper when farmers do, the Liberal Government has arranged that they can improve their farms and equipment under a new loan plan and has arranged to put a floor under the prices of farm and fishery products.

To stimulate employment for all, the Liberal Government has created a special Department of Reconstruction which is now in operation and which will co-ordinate private and public enterprise.

Security for your HOME

The Liberals believe that the home is the heart of the nation. They aim to give Canadians every possible facility to build and furnish better homes! With Government assistance you can build a home in the country, town or city. This will make jobs for the building trades, and those who make building supplies—and those who manufacture household equipment and furniture.

New Homes for Canadians—The Liberal Government's new \$400,000,000 National

Housing Act, now on the statute books, enables hundreds of thousands of Canadians to get money at low interest and on long, generous terms to build, renovate or enlarge their own homes. Now that Germany is defeated, plans are already in operation for at least 50,000 dwellings.

Other practical, workable measures for the security of your home are the Liberal Government's laws for Unemployment Insurance and Liberal Old Age Pensions.

The Liberals believe in doing what can be done, as soon as it can be done. If returned to power on June 11th, they will carry on and expand the sound, constructive work already started.

Security for your FAMILY

Family Allowances—Starting in July, parents who have at least one child under 16 will receive Family Allowance cheques every month to help them get better food, clothing, shelter and education for their children so they can grow into healthy, vigorous Canadian citizens. These cheques will amount to between \$300,000,000 and \$250,000,000 a year. As direct spending power, this will do much to help in achieving the Liberals' objective of full employment.

Health—A National Health Plan will ensure that everybody shall be taken care of while they are sick and the best measures medical science can devise shall be employed to prevent disease.

Despite the efforts of Drew, Bruce, Bracken and other reactionaries, the Liberals are determined that human interest, the needs of man, shall be placed before "business as usual".

The Liberals have faith in Canada, a united country, and in their ability to continue to build, with your support, a more abundant life and greater opportunities for Canadians.

Help build this new order of security with freedom. Protect the social gains already made. Vote for your Liberal candidate on June 11th.

MAKEPEACE

(By Our Correspondent)

Spun Goodness of Bow Slope is visiting at the home of Mr. and Mrs. Ed Schaffer.

Mr. and Mrs. A. Arrison were visitors at the home of Mr. and Mrs. Ed Martin on Sunday.

Sunday evening visitors at the home of Mr. and Mrs. E.W. Camp-

bell were Mr. and Mrs. Fairbairn and Jean of Cluny; Brian Brown and Miss Josie Hallott of Vancouver B.C.

Donald, Nell R.C.A.F. arrived home on leave Friday morning.

Johnny and Bill Jorgeson are home on leave from the Army Johnny for two weeks and Bill on Spring leave.

Elsie Jorgeson was a visitor at her home on Thursday. Elsie was a recent Graduate of the Holy Cross Hospital in Calgary, and she is now nursing there.

Edgar and Mrs. Tom Mullen arrived home Wednesday from the East. Thursday Edgar went to Calgary returning with his wife and two sons.

The last red cross meeting was held at the home of Mrs. Joe Robb. The following articles were turned in: 2 pair pants; 13.6 yr. nightgowns; 10 dirty bags; 1 2 yr. sleeper; 1 pair men's socks. Tea money was \$210. The next meeting will be held at the home of Mrs. Harry Maurer on June 7th.

Don't forget the bassano and tea to be held by the Makepeace Red Cross Ladies at the Red Cross

Rooms in Bassano Saturday June 2 from 2:30 in the afternoon on into the evening for after the show lunch. We really have a nice lot of fancy work and to sell.

Miss Verna Mullen who is a Nurse in training at the Royal Alexander Hospital arrived home last Friday on her holidays.

A dance was held Wednesday May 23rd at Makepeace in honor of Johnny and Bill Jorgeson who are home on leave. They have both volunteered to fight the Japs. We all wish them the best in their venture.

Seeding is general throughout the district. Many farmers are finishing up with their seeding.

Mr. and Mrs. F. Bulger were Sunday visitors at the home of Mr. and Mrs. D. Gellings.

Mr. and Mrs. J. Bulger were Sunday visitors at the home of Mr. and Mrs. E. Schaffer. Miss Lydia Wager was also there.

Mrs. Sid Robbourn is a Calgary visitor for a few days and Sid has joined the bachelors again.

Word has been received from Clifford Nail from Overseas he is looking forward to coming home.

Smoky Lathrop and Donald Walker were together in Holland a few days before V day. Both are well and hoping to be home soon.

Every one has a big smile since the rain and lots of fluids are nice and green. Look out for that big crop.

Mr. and Mrs. Bill Robbourn, Auntie and Sid Robbourn were visitors at the home of Mr. and Mrs. Ole Roosen Sunday.

multiply by millions!

You've often watched the teller stamp your cheque. Every day, in every branch of every bank in Canada, cheques are being scrutinized, stamped and recorded. During the war years, this daily flow of cheques through your bank has swollen to a torrent. Deposit accounts are more numerous and active than ever before. This increase reflects the tremendous activity of Canadian life and business. Production, purchases and payrolls have all reached record levels.

In addition, three-quarters of a million men and women in the armed services must get their pay, and their dependents receive allowances regularly.

The handling of this wartime volume of cheques is quite apart from numerous special services which the banks have undertaken—the delivery of millions of Victory Bonds and the sale of countless War Savings Certificates; ration coupon banking; subsidy payments to producers; for foreign exchange operations.

Yet all this extra work has been carried out at a time when new help has had to be trained to take the place of more than 8,500 bank workers now in uniform.

undertaken in Canada.

BASSANO NEWS

Arnold A. Dunphy, a native of Fredericton, N.B., who has been 33 years with the Canadian Pacific Railway and a railroader since 1907, will become manager of the Dominion Atlantic Railway with headquarters at Kentville, N.S. on June 1. He was announced here today by R. D. Cotterill, vice president of the D.A.R.

GEM NEWS

Mr. Ernest Richter from Calgary was a visitor over the week end in Bassano and Gem. We hope he has enjoyed it.

A silver Wedding was held on Sunday 27th, in the M.B. Church at Gem. The couple Mr. and Mrs. Henry Peters from Gem. Rev. Peter Doerksen was in charge of ceremonial service. Mr. Henry Unger former Bible school teacher was in charge of the opening service. It seems as there were all needs met. There was the lovely sunny day, a large crowd assembled. Songs, duets, trills and recitations were brought in the opening service the couple walked in decorated in Silver and were followed by their children in couples. Every one present was invited to the reception which came after the benediction.

Mr. and Mrs. D. Janzen returned safely on Tuesday May 29 from a trip to Rottem Saak where they attended a closing Program of the High school at which their son is a student.

Orders have been placed with Canadian shipyards for three motor cargo ships of 7,500 tons each. The ships and their diesel engines are the largest of their kind ever

Price Changes Take Time

With reference to the raising of the export price of fall fresh eggs for 1945 to the 44 cents per dozen level of the 1944 fall contract with Britain, the Egg and Poultry Market Report of the Dominion Department of Agriculture explains how the equalization came to pass. It takes time to negotiate a change in price, says the Report. The money has to be found. It takes longer sometimes to amend price considerations than it does to write a new contract. In this case of was not known in August 1943 when the first negotiations were started for the two-year contract covering 1944 and 1945. The Canada would have a surplus of eggs in the fall of any year. It had never happened before, and did not happen until the fall of 1944. Negotiations were then under way for the contract of 1946. The principle of a higher price for fall eggs was written into the 1945 contract and amended. When the higher price for 1946 was settled steps were taken to back-track and obtain the same consideration for 1945. This now has been achieved.

SUBSCRIPTION RATES

1 year in Canada \$2.50
1 yr. outside Canada \$3.00
Advertising rates on application

PASSING

And The PERMANENT

The Cost Of Victory

According to an estimate by Secretary of War Stimson, the victory in Europe cost the U.S. about 800,000 casualties, including 150,000 killed, and more than 185 billion dollars.

Postwar Plans

The Jewish Agency has drawn up plans for the immigration of a million European refugees to Palestine, and has asked more than sixteen millions of dollars to aid in housing, giving relief, and buying land for them.

Chinese Chaplain

Chiang Kai-Shek has asked the National Christian Council to enlist 1000 Christian workers as morale officers in the Chinese Army. Thus China becomes the first "pagan country" to set up a Christian chaplaincy for its armed forces.

Other Peoples Please Copy!

The Minister of Food in China has petitioned the government for a ban on the manufacture and sale of alcoholic liquors, which it said would conserve grain for food or for conversion into military alcohol, according to an A.P. dispatch from "Chungking dated Feb. 8, 1945.

Female Arrests

There has been a steady increase in female arrests in the U.S. from 57,700 in 1941 to 70,353 in 1942 75,122 in 1943 and 83,600 in 1944. In 1944 the 22-year olds predominated; now the average age for women is 18. In the past three years there has been an increase of 253 percent in arrests for prostitution and 251 percent for disorderly conduct and vagrancy, among females 18 years of age and younger. And these figures represent only the advanced cases; that of those actually arrested is such the fruit of war only?

An Anti- Christian Cult

Lord Dowding Britain's Air Chief Marshal, is the most notable of all recent converts to Spiritualism. In his book, Many Mansions, he leaves no doubt as to Spiritualism's antagonism to the Christian Faith. "Taken as a whole," he writes, "the messages received over the last 70 years claim to constitute a new revelation; and although they may not all be entirely consistent with one another, they make a combined and unanimous attack on the basic dogmas of Christian theology as at present accepted by the Protestant Catholic and Orthodox Churches. The first thing which the orthodox Christian has to face is that the doctrine of the Trinity seems to have no adherents in advanced circles of the spirit world. The divinity of Christ as a coequal partner with the Father is universally denied."

Curse Of The Country

Liquor is one of the worst curses of America. In only two states Kansas and Oklahoma, is the sale of alcoholic liquor prohibited by the constitution. Mississippi has statutory prohibition of all liquor except 4 percent beer and wine. Our 48 other states make liquor available and as a result, drunkenness is increasing steadily.

Purified By FIRE

Believers in Russia have been purified by the fires of persecution and the Word of God means everything to them. Certain leaders among them, having heard of American Modernism are wont to pray, "Lord keep foreign missionaries away." At one seminary in Russia a student returning from America had brought back a crop of characteristic ideas of the modern apostasy. The students listened politely to him until they could stand it no longer, then they opened the door and the others took up the young professor and set him on the sidewalk.

The Fruits Of Missions

Wrote a Marine from Guadalcanal: "When we look at the simple life and the love of God these natives display, it makes you wonder just what race is ignorant or savage." Said an officer stationed on another island: "The people who were head hunters not long ago may have to come over and evangelize our civilized Western world after a bit."

White Man's Greatest Gift

American airmen, in conversation with natives of the Solomon Islands asked, "What do you think is the most valuable thing the white man has brought to you—knives, axes, sewing machines, or what?" The natives replied, "the best thing the white man has brought is the Bible, the Word of God, because it has brought us new life."

Palestine At The Conference

Jewish Palestine, lacking a government of its own, has no recognized status and received no official representation at the San Francisco conference. However, the president of the Palestine Jewish Agency, Dr. Chaim Weizmann, went to the conference to see that the Arab nations, who have delegates, do not usurp Israel's rights.

"Like Locust Hordes"

Said the Mayor of Antwerp, speaking of the Germans: "An evil spirit seems to lurk within them. They came twice, like locust hordes, eating all, destroying all. We are the little people. Our only hope is in what is being done at San Francisco." But there will be another and worse attack by evil creatures "like locust hordes" in spite of all men's peace conferences, Read Rev. 9:3.

The Christian Attitude

One day as the great Negro educator, Booker T. Washington, was walking down the street in company with a white friend he was roughly shoved into the gutter by a pedestrian who passed. The Negro stepped back on the sidewalk and went on without remembrance. "How can you tolerate such an insult?" The friend was furious.

Washington replied, "I defy any man to make me hate."

OLD MAN SWARTZ

This book is copyrighted and for reprinting or translating and publishing wholly or partly permission must be obtained from the Author. The book itself can be obtained from us or from the Author Abe Silverstein, Box 603 Binghamton New York.
BY Abe Silverstein

"Pardon me, Mr. Swartz," I hurried to explain, "Jesus was not a Christian, but the 'Anointed One' or 'Christ' in the Greek, and Messiah in the Hebrew. His followers alone are and were called Christians."

"Very well, very well, I am not making this a point of dispute, but tell me please, what gives you the right to claim that this 'born here is Jesus Christ?' Maybe the Bible speaks here of some other person. Do you think that all the prophecies of the Old Testament relate to Jesus Christ?"

"Did not we agree at the beginning that we should take it for granted that there was no such person as Jesus Christ of Nazareth, and that together we would search for the truth. Nothing else. If I cannot interpret I shall ask you to do it. Here you see plainly how God speaks through the mouth of His prophet, that it is possible for a virgin to give birth

to a child in a most unprecedented way, by a virgin never known by a man." This is certainly something out of natural order, but God vouches to give evidence, which should unmistakably establish the identity and veracity of the coming true Messiah."

IMMANUEL

Mr Swartz then took up the Bible and carefully adjusting his spectacles, read over the seventh chapter of Isaiah the prophet and then after considerable silence and deep thinking, accompanied by a significant shaking of his head, he pointed with his finger to the verse in question and said: "Look here, nothing is said in this verse of a son called 'God With Us', but Immanuel! was to be the name of this Faith Child. And how many Immanuel's are there today. And before as well as after this prophet there were thousands of Immanuel's. How then can you infer that this 'Immanuel' was to be 'God With Us' and the Messiah?"

"This is true enough," I answered; "true that many are called by this name; but to this Child the same name signifies His tribute. I will make this clear to you in a minute: Please read the ninth chapter of the same prophet

and the sixth verse, and see what is told us there with reference to the same Child."

"You read it," he interposed. "I have confidence in you. I am getting a bit old and my eyes are beginning to trouble me, and, besides I do not believe that you are going to deal unfairly with me."

"Thank you. Here is the place," and I read: "For unto us a Child is born, unto us a Son is given, and the government shall be on His shoulder, and His name shall be called Wonderful, Counsellor, The Mighty God, The Everlasting Father, The Prince of Peace." Now I wish to ask you: can we as good and pious Jews, conceive the possibility that our great and holy God would cede His most holy name and attributes to a mere man? But wait a minute and let me expound to you, if I should err in my interpretation, I will ask you to kindly correct me, but only after I get through talking. One more request. While I am speaking I wish you would not think of Jesus of Nazareth; for you must remember that according to agreement during this conversation there is supposed to be no such person in existence, and I am speaking only of the coming Messiah that's all."

First of all, it speaks here of a child born who at the same time will be a Son that is given. This Son will be trusted with the government of the world, and His government will be eternal, not temporary as is the case with the rulers of this day. This you will see in the next verse, where it is said that "of the increase of His government there shall be no end... from henceforth, ever forever." In other words then, this Child will be a Son given, not only in the form of a mortal man continued in the next time.

John Bracken says -

"It is not foreordained that farmers shall work for less pay than anybody else; or have their children receive only one-quarter the chance of a secondary education, or one-tenth the chance of a university education that other children get; or see their wives forced into lives of toil, often 12 but sometimes 14 hours a day—Sundays and holidays included... The trouble is that no one with the necessary authority has determined to correct the basic economic ills of Agriculture."

BRACKEN WILL ABOLISH INJUSTICE TO FARMERS

John Bracken, the farmer, is not content, merely to point out the injustices of which he, and every other farmer, is only too well aware. He is determined to abolish these economic ills, these injustices, immediately and permanently. John Bracken guarantees definite PROTECTION FOR FARMERS against income collapse and wide extremes of income fluctuation:

- The Farmer shall be guaranteed a just and proportionate share of the nation's income.
- This will be done by a system of fair prices to be announced before the season of production. The farmer will then carry on with the assurance that he will receive a just share of the national income. He will thus

have money to buy farm implements and provide for comforts. His own living standard will be permanently raised and he will be able to contribute to community welfare.

- We shall re-establish a Natural Products Marketing Act.
- We shall appoint a Board of Livestock Commissioners in which shall be vested power to regulate and direct all aspects of livestock marketing in somewhat the same manner as the Board of Grain Commissioners regulates the handling of wheat.

These are only the highlights of the Bracken Party's pledge to Canadian farmers. Join John Bracken in his fight for farmers' rights.

BE PATIENT!
SOME GOODS ARE
STILL SCARCE...

DON'T CONFUSE THE SIGNALS

War came. Most civilian goods had to be diverted to war needs. That caused shortages of civilian goods—that was the **RED LIGHT**

don't jump the **YELLOW** light

Some restrictions have been lifted, but war demands are still great. We must help our Allies and the liberated countries. We can't neglect them.

(This is the **YELLOW LIGHT ONLY**). It does not mean the end of shortages. Getting back to peacetime production will be piecemeal and gradual.

Goodwill, patience and energy now will assure a prosperous Canada tomorrow.

it's **NOT** the green light yet

Only after Victory over Japan can the Green Light be switched on, and the road cleared for enough production to meet all our civilian needs.

THE WARTIME PRICES AND TRADE BOARD

This is the first of a number of columns which will be written from time to time to deal in a general way with the future aviation possibilities of individual Canadian towns and cities. For our first we've chosen the town of Val d'Or, Quebec, because few communities anywhere in Canada have as much to gain from flying and because we think the story of Val d'Or will be interesting to the readers of all the 113 daily and weekly newspapers now carrying this column.

Twelve years ago where Val d'Or stands was nothing but bush. About that time a young mining man named Lorne K. Smith arrived on the spot with a gang of men and the town has grown steadily until now it has a population

of 7,500 and 5,300 new jobs waiting in its mines for the moment the labor becomes available.

Val d'Or which means Valley of Gold, is on the C.N.R. line connecting Senneville and Noranda in Northwestern Quebec. Recent gold discoveries indicate that this part of Canada will become one of our most active mining fields.

Now is the country around Val d'Or all rock and bush. Over 80,000 people have cleared and settled farms in the area.

Right now Val d'Or has one train way each day. To go there from Toronto you leave the city at 6:05 in the evening on the C.N.R.'s Northland and arrive on the T. and N.O. at Noranda the next morning at 9:30. You then travel across town to another railroad station the C.N.R., again, and leave exactly three hours later for the 80-mile two hour run to Val d'Or.

Your average speed from Toronto to Val d'Or has been 25 m.p.h. an hour. And that's taking the fastest train on the line out of Toronto. If you come from Montreal you pull out the night before at 11:30 and arrive in Val d'Or a little earlier, at 12:50 also an average speed of 25 miles an hour

because the distance is a little less

It takes no great imagination to see what air service could do for a place like this. Two or three hours, depending on the size and speed of the plane, would link the town with either Toronto or Montreal.

A Businessman would be able to leave his desk for only one day to visit Val d'Or where now he must be away at least three days. Mail and express which have much to do with a city's prosperity would be speeded, and there is no reason why service shouldn't be maintained profitably two or three times each way by air.

So far Val d'Or which is one of the best planned communities in Canada, has no air facilities other than the lake a couple of miles from town. Needed there is a base for both land and seaplanes with a second strip or air park in the middle of the town.

Perhaps it could build an air park which would serve as fair grounds once a year as an airport for light planes the rest of the time.

Prospectors, tourists, far trap pers, travelling salesmen all would make use of the landing facilities.

Philip Rogers Progressive Conservative Candidate MEDICINE HAT

PHILIP ROGERS, a grain farmer at Chancellor, Alberta, is the Broken candidate in the Medicine Hat riding.

An Englishman, he was born at Gallej, Staffordshire, March 5, 1894. His education was obtained at Brewood Grammar School between 1900 and January, 1911.

On February 26, 1911 Rogers arrived in Calgary Alberta and enlisted shortly after the Great War broke out.

He served Overseas with the C.E.F. from October 1915 until March 1919. He was in France with the 2nd C.M.B. Battalion (General Peckers' original unit) for nearly three years and it was with this unit that he was granted a commission and decorated with the D.C.M.

In April 1919 Rogers took up farming at Chancellor on 240 acres. Today he operates 880 acres. He is

a grain farmer but since the outbreak of war has branched into mixed farming.

At present he is a lieutenant with the 22nd, Battery R.C.A. (B) at Glenhead. He organized the Husar School Cadets and assists in training them. Rogers has been a school trustee for 25 years.

For the past six years until January, 1945 he was chairman of the large school district, Bow River No. 43. He is still a member of the Board.

He is a member of the Canadian Legion B.E.L. and Army and Navy Veterans Calgary Unit.

The candidate is a life member of the U.F.A. and explains that he is a candidate because of his belief in John Bracken and his policies.

He is keenly interested in irrigation and in soldiers' rehabilitation. Active in all community endeavours, he has worked in the interest of the Victory Loan since its inception.

WIN WITH BRACKEN

VOTE FOR PHILIP ROGERS

Canned meats will be virtually removed from the domestic market in Canada by a Prices Board order. The order fixes these stocks and authorizes the government to purchase more than 90 percent of the canned meat for

the allies and liberated peoples of Europe.

The Canadian Red Cross Society has announced that it will launch a Canadian wide team to swim campaign as a permanent part of its post-war service and accident prevention program.

All restrictions over the use and distribution of penicillin in Canada have been removed. Three plants are now producing the drug in

Canada.

Beginning from scratch in October 1945 the Canadian government owned firm, Research Enterprises Limited produced 6200,000, 100 worth of radar equipment it has just been disclosed.

Government wartime restriction on schedules and routes of bus operation in Canada have been lifted to meet growing demands for public transportation.

Arrangements made with the Canadian armed services are designed to speed up the discharge of bricklayers so they will be a valuable for essential building construction in Canada.

After VE day the Canadian Price Board revoked 32 orders that restricted the manufacture of a number of household appliances and other essential consumer goods.
